

**TIER ASSIGNMENTS FOR NEW OR AMENDED OFFENSES  
PURSUANT TO 2023 AND 2024 LEGISLATIVE CHANGES**

Section 6.2 of the 2023 Guidelines for Determining the Length of Stay for Indeterminately Committed Juveniles (LOS Guidelines) grants the director of the Department of Juvenile Justice the discretion to “add new offenses, eliminate repealed offenses, or move offenses to alternative tiers in accordance with applicable legislative changes made by the Virginia General Assembly.” This language is intended to impact the appendix portion of the guidelines that assigns one of five offense severity tiers to each active Virginia Crime Code (VCC).

During the 2023 and 2024 legislative sessions, the General Assembly enacted several new offenses and enhanced the penalties for some existing offenses. In accordance with these legislative changes, the department has assigned a tier to each new or amended offense that aligns with the tiers assigned to similar offenses under the 2023 LOS Guidelines. These assignments are set out in the tables below. In some cases, the enactment of a new offense may have necessitated a change to an existing VCC or to the statutory structure of an existing offense that was not otherwise altered. These new VCCs and modified statutes also are provided on the table below, but the tiers for the underlying offenses have not changed. Finally, the General Assembly enacted several new offenses and enhanced several existing offenses that are not subject to commitment under current law. These offenses are not included on the tables below.
